Edgeley Echoes.

From our own correspondent.
Messrs. Lindsell and Gore, who have been breaking on their farm here, left last week for their home near Whitewood.

The young folks of the district met at the residence of Mr. James Fair, to partake of a dinner party. We hear a most pleasant time was spent.

Miss Clara Craig has returned from an extended visit to her sister at Indian Head. Miss Gertie is now visiting the same place.

Mr. H. James of Qu'Appelle Station paid us a flying visit last Sunday.

Mr. and Mrs. J. Whittingham and family spent Saturday and Sunday at Wide Awake.

We are sorry to state that Mrs. Joseph Craig, sr., is seriously ill. We trust she will soon recover her usual health.

Mrs. Seymour of Springbrook visited our settlement last Sunday.

The stonemasons have about completed their work on Mr. E. G. Whittingham's new barn, which promises to be one of the largest and best in our part of the country.

The threshing syndicate held a meeting on Monday evening to get things in shape for the season's work. They intend to do first class work and plenty of it, as their outfit is in first-class running order.

One of those sad events that cast a gloom over a home took place last week, when little Robbie Cass passed away about 6 o'clock in the evening. The boy had been a patient sufferer for a long time, and although every means were taken to restore him to health, all were in vain. The funeral took place to Edgeley cemetery on Thursday afternoon, when many followed his remains to its last resting place. The bereaved family have the heartfelt sympathy of the whole community.

Poplar Plains.

From our special correspondent.

The people of Poplar Plains extend their sincerest sympathy to Mr. and Mrs. Mackintosh and family in the death of their daughter Miss Maggie.

The annual picnic turned out a great success. The rain in the morning made things look blue, but it turned fine in the afternoon. People came from all parts, and kept sports and dancing going till a late hour. The football tournament was the first attraction. Four teams entered, viz., Edgeley, Qu'Appelle, Bear Lake, and Poplar Plains (scratch team). The latter defeating them by two goals to none. All games were fairly contested, the rule being "as you please." An adjournment was then made for dinner, about 200 people partaking. After dinner the balance of the program was carried out. First the old and hot man's race started. Mr. R. S. Johnston winning, and Joe Gray coming in second. The fat man from Edgeley got left. The exciting time was when the ladies raced. I wonder who lost his bet? Miss Cockwell took 1st prize and Miss Rita Tate 2nd. The other races were "too numerous to mention."

Haying is the rush now.

Territorial Items.

C. P. R. Agent Morrison accompanied by Mrs. Morrison left last week on a vacation trip to the Pacific Coast. An old acquaintance W. L. Waite, of Qu'Appelle, will represent the company here during the next two weeks.

One Phillips alias Sinclair was last week given two years in jail by Judge Richardson. Phillips purchased a horse and land from E. Hawke of Prince Rupert and was "gathered in" by the Mounted Police a little later. The man was a newcomer in these parts. The authorities at Prince would like to have him answer a charge of passing bogus cheques. Regina Leader.

The Canadian Pacific Railway company have decided to go on at once with the Pipestone branch extension some forty miles west, and have awarded the contract for the grading to Geo. H. Strayel, who has sent his plant and 200 men out. This extension will carry the line into the Moose Mountain district and it is said to be within the bounds of possibility that the line may connect with the Soo in the vicinity of Weyburn. Moose Jaw Times.

Another fatal accident happened on Monday evening last to one of our German families near Three. During the absence of his father, and his mother being sick in the house, the little three year old son of Mr. Eilmes, in wandering about fell into an old well and was drowned. Grenfell Sun.

Rev. Mr. Muirhead of Whitewood was in town on Friday on his way to Fort Qu'Appelle, where he will be joined by the Rev. J. A. Carmichael of Regina, and together they will drive to Prince Albert.

Dr. J. M. Cremer, veterinary surgeon, arrived in town on Monday from Regina. The Dr. has come to reside here permanently and has opened up an office in the Royal hotel, for the practice of his profession. Vilette.

Synod Meeting.

The Provincial Synod of Rupert's Land, a body that represents the Church of England in Manitoba and the North-west Territories, met in Winnipeg on Wednesday last. At the opening service in St. John's Cathedral the Bishop of Qu'Appelle was the preacher.

Among other important business transacted was the formation of a new diocese to be named Kewatin, the territory of which will include the eastern part of the diocese of Rupert's Land and the northern part of the diocese of Mooseman. A bishop will soon be appointed.

The memorials of the dioceses of Qu'Appelle and Calgary, asking for more voice in the election of bishops by the diocese, either by the synods or their executive committees, both bodies composed of clergy and laity, were rejected; but a committee was appointed to examine into and report upon the dissatisfaction it was acknowledged existed with the present mode of appointment.

IN HIS NATIVE VILLAGE

HOW THE NEWS OF ANDERSON'S ARREST WAS RECEIVED.

Mr. Phipps the Recipient of Many Congratulations by Wire From Winnipeg and Other Cities.

Hastings, Ont., Aug. 11.—J. W. Anderson, who is reported as having robbed Molson's Bank at Winnipeg last fall, is a native of this village, and son of the late David Anderson, an extensive real estate broker and money lender for upwards of thirty-five years.

The accused was born here about 23 years ago and was a constant resident of the place up to the time of his accepting a position in the Molson's Bank, nearly two years ago. He was educated at the Hastings public and Newwood high schools, where he secured a second class certificate and afterwards taught school for nine months, going to take a position in the Molson's Bank. His family connections and home training are and have been all that could be desired. No stain against his character or any member of his family up to present has ever existed. Some four years ago his father died quite suddenly, and his large business was taken in hand by his mother and one of the sons, and successfully and satisfactorily disposed of. Three brothers, older than the prisoner, hold positions of honor and trust, two of whom, and one younger, are in various banks.

The report of his arrest, fell like a clap of thunder on a clouded sky and cast a gloom over and aroused the sympathy of the whole village. He was a general favorite in the village, and his leaving was regretted by his many friends. Such is his standing and family history that no one can seemingly believe that he was in any way connected with the robbery. Later reports from his employer are that he has been remanded for a week and he believes him to be perfectly innocent.

Trenton, Ont., Aug. 11.—The news of the arrest of Anderson, from the robbery of the Molson's bank at Winnipeg last September was received here with much interest, and T. B. Phipps, manager of the Molson's bank here, was the recipient of many congratulations by citizens, and all day telegrams have been pouring in on him and his family from friends and prominent citizens of Winnipeg, where he was deservedly popular.

MANY PEOPLE DROWNED.

A Hurricane Causes Much Loss of Life and Property.

Ponce, Aug. 11.—A hurricane struck here at 8 o'clock Tuesday morning and lasted until 3 p. m. The rivers overflowed, flooding the town. It is estimated that 200 persons were drowned. The town and port are total wrecks. It is believed that the damage done will amount to over \$500,000. No news has been received from the interior since the storm broke.

Kingston, J.A., Aug. 11.—Turks Island reports that a cyclone passed over during the night, after doing trifling damage. The centre of disturbance is apparently proceeding northwest towards the American coast.

St. Thomas, N. L., Aug. 11.—The island of Montserrat (British West Indies) was completely devastated by a hurricane on Monday. Churches, estates and villages were destroyed and nearly a hundred persons were killed. In addition many were injured and rendered homeless and terrible distress exists among the sufferers.

Worried by a Pack of Dogs.

Indian Head, N.W.T., Aug. 11.—While herding cattle on the farm of Mr. J. S. Cour yesterday evening, which adjoins the railway, a little German boy named Fiel was set upon by six or seven blood-curdling, by parties in the town. The little fellow is literally torn to pieces, although life is not yet extinct. He is under the care of Dr. Hunt, who is straining every nerve to preserve life. The boy had struggled with the brutes for some half hour and would have been worried to death there and then but for the very timely assistance rendered by the section men who happened to come along on the handcar on their way home to supper. A sad feature of the occurrence is that the father of the boy was on the hand car and was one of the first to see his boy on the ground being surely worried to death. Indignation is at a high pitch among the number of useless hounds of the kind running about the town. Staff Sergeant Pyke, N.W.M.P., was down today from Qu'Appelle investigating the matter and it promises to be made interesting for the owners of the dogs.

Dying Beside the Trail.

Lethbridge, N.W.T., Aug. 11.—Last night some persons en route to Cardston found Constable Flower of the Mounted Police, in a dying condition at the side of the trail, two bullet wounds were discovered in his head, from which he bled profusely, dying a few minutes after being found. The constable is making an investigation.

TELEGRAPHIC BRIEFS.

Friday, August 11.

During July 1,516 immigrants arrived in Winnipeg. Things from the Transvaal are decidedly better. The Yaguis Indian rebellion in Mexico has almost ended. The Ville Marie, Montreal, has gone into liquidation. Twenty-five buildings were destroyed by fire in the city of Montreal. Trouble is brewing in the boot and shoe trade in Toronto. James Elder, a leader of the Manitoba Patriots, died at Victoria. Gen. Otis has closed all the insurgent ports to foreign traffic.

The V. L. T. of the N. W. M. P., Lethbridge, committed suicide. Harvesting has started on the farm of Premier Grenville, Crystal City. A Victoria farmer was awarded \$1,150 for the illegal seizure of his chattels.

Nelson increased train has arrived in Vancouver to play for the championship. The fifteen-year-old son of Wm. Walters, of Chicago, Ont., was burned to death.

The Beaver yacht has been chosen to represent Canada against the Greaves, of Rochester.

The American baseball tournament has opened; Winnipeg and Victoria proving the winning teams.

The V. L. T. has established an 80 cents per 100 pounds rate from New York to Kansas.

The C. P. R. has decided to run two local trains a week between Portage and Winnipeg.

The order to cross the C. P. R. tracks at Portage, Prairie, has been received by the N. P. R.

Major Grenville, the Egyptian campaigner, has been dismissed by the Canadian at Aden, Que.

The second day of the Neepawa fair was more successful than the opening day. Large crowds were present.

A German lad named Fiel while herding cattle near Indian Head, was almost worried to death by a pack of hounds.

W. W. Ogilvie, of Montreal, predicts a large yield, exceeding 10,000,000 bushels of wheat, in Manitoba and the Territories.

Counsel for Dreyfus are well satisfied with the verdict in his case, as it is being conducted. The strain, however, is telling on the prisoner.

LIST OF THE DEAD.

The Train Was on an Up-Grade When the Engine Jumped the Track.

Ottawa, Aug. 11.—The man best qualified to tell how the Canada Atlantic railway wreck occurred at St. Polycarpe yesterday is Robert Orr, the engineer of the ill-fated train. Mr. Orr was brought to Ottawa last evening and is now confined to his bed at his home on Gladstone avenue. He is suffering from tendons in his left leg caused by the dragging of his foot, which was unaccountably held from the wrecked cab by main force. His face is also badly scalded and it will be about three weeks before he is able to be out again.

"How do you account for the accident," asked the reporter. "I cannot account for it at all," replied Mr. Orr. "We were making regular running time, not going as fast as we do at many other places on the line and not as fast as we do even at this point going the other way because we were going up grade."

One of the children's child, who was injured in the wreck, died yesterday in the Water street hospital. His father, mother and sister were all killed yesterday, thus wiping out the whole family. They belonged to Montreal, and this makes eight victims of the wreck.

The deaths are as follows: Geo. McCharg, Ironmtn, Ottawa; Edward Starrs, Ottawa; Jos. Rocheleau, Montreal; Mrs. Jos. Rocheleau, Montreal; Wilson O'Connor, Ottawa; Miss Rocheleau, a young girl, daughter of Mrs. Rocheleau, and the 8-year-old son of Jos. Rocheleau, who died this morning.

Poured Oil on the Fire.

Calgary, Aug. 11.—A fatal accident occurred yesterday morning at the farm house of Wm. Waller's, about two miles from the village of Russell. Waller's boy, between twelve and fifteen years of age, was alone in the house preparing breakfast on a stove. The fire was not burning well and the boy poured the contents of an oil can on the coals until the can exploded, enveloping him in flames. He immediately ran outside screaming. His brother, who was plunging near by, ran to his assistance and threw a coat around him, but by this time his clothing was all burned from his body and his skin was hanging in shreds. Dr. Kerr, of Calgary, was called and did all he could to relieve the sufferer, who died about five hours after the accident. Both his parents were away from home, his father being in Hamilton and his mother on a visit to friends at Severn Bridge.

Troops for South Africa.

London, Aug. 11.—The St. James Gazette yesterday afternoon says all the shipping companies under charter to the British admiralty for transport purposes have been notified to hold their transports in reserve for the immediate dispatch of troops. The steamer Danica has been ordered to be in readiness on Saturday to ship a detachment of British artillery to South Africa. Captain N. A. Evans has a special cable dispatch to the Evening News from London says: The one absorbing topic today is the Transvaal situation, and the belief is becoming daily more firm that nothing but war can settle the question and that this settlement is not far off.

LOCAL NEWS

Mr. John Reed, clerk of the Executive Council, Regina, was in town on Sunday, the 6th inst.

Messrs. W. Bies and W. A. Heubach, of Touchwood Hills, were in town on Thursday.

Mr. Wendell Digby, who has been visiting friends in the Fort for some months, left on Thursday's train for Calgary.

Major McGibbon, Inspector of Indian Agencies, came home on Thursday.

The St. Andrew's Presbyterian Sunday School picnic was held in Leader's grove on Thursday last, and was without exception the best picnic that has been held for years. The arrangements made were simply perfect, and all who were present expressed themselves as having spent a most enjoyable day. The Rev. J. J. Spence and all connected with the church are to be congratulated on the success of the same.

We believe the St. John's church picnic is to be held on Saturday next, and we feel sure, if the weather proves favorable, another enjoyable day will be spent.

Mr. and Mrs. E. Williams returned from Touchwood Hills on Thursday.

Mr. and Mrs. W. Graham and Mr. W. Veen, of Fife Hills, were in town on Friday.

A stone foundation and other repairs are being added to the government telegraph office by order of Superintendent Macdonald.

Mr. Archibald McDonald returned from his official tour of inspection of the Hudson's Bay Co.'s posts in Manitoba on Saturday last. On Tuesday he left for Hard where Mrs. McDonald and Master Harold have been staying for the past six weeks. Before returning they will visit several points on the Pacific coast.

Messrs. J. Mitchell, Indian Agent of Muskegpetung's Reserve; T. Hilliard, Qu'Appelle Station, and Donald Brown, butcher, were in town last Sunday.

Mr. Osment and family are camping in the Valley near Lebel where Mr. Osment is about to start a brick yard.

Mrs. W. Cameron and family of Elgby, and Miss Brown of Qu'Appelle Station, are camping at the Point.

Miss M. Reeve, of Greenfell, who for a time was assistant teacher in the public school, is visiting friends at the Fort.

Miss K. McKenna returned from Whitehead on Sunday.

On Monday the 7th inst. no less than seven informations were laid against Jerome and Baptiste Laroque for assault and creating a disturbance. It seems that on Sunday the 6th inst. the above named came to town for the purpose of "painting it red" and in their own peculiar way they did so. Constable Brinkworth, however, soon gave them to understand they must leave the town. A little east of town owing to recklessness they managed to upset their rig. Some parties not being the accident went to their assistance and were required by being assaulted. One of the offenders seemed to find pleasure in trying to drive over every one who came in his way. For indulging in this particular kind of pastime, Magistrate North and Greenway sentenced Baptiste to three months imprisonment with hard labor and Jerome had to pay a fine and costs amounting to \$50.80. It seems strange there is no police cell in town. It would certainly act as a deterrent if there was one.

Philomena de Lema and Virginia Plant were brought before Magistrate North and Greenway on the 12th inst. charged by Mr. Dan McDonald, Lebel, with stealing clothing from his residence during his

absence at Indian Head agricultural show. They were sentenced to one month's hard labor each.

A charge brought by Guy May against Alex. Laroque for damaging his fence was settled by the parties.

Constable Brinkworth laid two charges against Matthew Sanstegret and Baptiste Parisienne for disorderly conduct. These cases were dismissed.

Constable Messereau, late of the Fort, has returned to duty and is stationed at McLeod. This will be good news to his many friends at the Fort.

Regulations Regarding Mange.

We publish the following Order in Council, sent out by the Clerk of the Privy Council, as being of interest to our readers:

Whereas a serious outbreak of Mange in livestock exists in the North-West Territories, and it is necessary that prompt and active measures be taken with a view to eradicating the disease.

Therefore, His Excellency in virtue of the provisions of Section 17, Chapter 60, of the Revised Statutes of Canada, intituled "An Act respecting Infections or Contagious Diseases affecting Animals," and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following Regulations, and the same are hereby made and established accordingly, to come into force at once.

1. It shall be unlawful for any person to have in his possession or under his charge an animal affected with the disease of mange without causing it to be treated with some dressing, dipping or remedy for mange.

2. No animal being affected by mange, or animal which has been in contact with other animals suffering with mange, or has been in any field, stable, cow-shed or other premises in which mange is found to exist, shall be allowed to be removed therefrom without a written order from an Inspector authorized by the Minister of Agriculture for that purpose.

3. All sheds, out-houses and places used by animals affected by mange, must be thoroughly cleaned and disinfected by scrubbing with hot water, and carbolic acid—one pound to four gallons—and afterwards whitewashed with hot lime to which chloride of lime—one pound to one gallon—has been added, to a height of at least five feet from the ground or floor.

4. In order to provide for the segregation or isolation or otherwise dealing with animals affected with the disease of mange, a veterinary inspector, or other person appointed by Order in Council acting under the directions of the Minister of Agriculture, may declare any farm or place, or common, or yard, or any building, where such diseased animals are found, to be an infected place within the meaning of the Act aforesaid.

5. No person whatever, except a veterinary inspector or other person duly appointed as aforesaid, and acting under the direction of the Minister of Agriculture, shall remove any animal from such infected district, and then only for the purpose of carrying into effect the provisions of said Act, under a penalty of two hundred dollars.

6. A veterinary inspector, or other person duly appointed as aforesaid, acting under the direction of the Minister of Agriculture, may make a selection of a particular place or places within or without the limits of an infected district for the purpose, in such cases in which it may be considered advisable, of isolating and segregating such animals as may have been exposed to the disease of mange, such veterinary inspector or other person duly authorized as aforesaid,

shall alone have the power to order the removal of such animals as he may consider advisable to or from such selected places.

7. Such duly appointed veterinary inspector or other officer, acting under the direction of the Minister of Agriculture, may, under the provisions of Section 13 of the Act aforesaid, order any animal found to be affected with mange, or in contact with animals so affected, to be slaughtered.

8. Any market, or railway yard, or pen, or wharf, or part or parts of such, or other place where animals are exposed for sale, or where, or in which they may be placed for transit for removal to market, or from any province or territory, for the purpose of exportation, shall, in the event of any animal being affected with the disease of mange being found therein by a veterinary inspector, or other person duly appointed by Order in Council, and acting under instructions from the Minister of Agriculture, on a declaration to that effect made by him, be held to be an infected place within the meaning of the Act aforesaid; no animal being allowed to be removed from such infected place, except on order of such duly appointed veterinary inspector, or other person aforesaid, under a penalty of two hundred dollars.

9. All sheds, out-houses, or places used for animals affected by mange must be thoroughly cleaned and disinfected under the direction of a veterinary inspector or duly appointed person.

10. Any person contravening the provisions of any of the clauses of the above regulations shall, for every offence incur a penalty not exceeding the sum of two hundred dollars.

11. The Minister of Agriculture is hereby empowered to authorize any of his duly appointed veterinary inspectors to cause any animals suffering from mange to be collected and treated with such dressing, dipping or remedy as may be prescribed by the chief veterinary inspector, all expense of such collection and treatment to be paid by the owners of the animals, and to be a charge against and their owners until such payment be made.

Rheumatic Torture

South American Rheumatic Cure Cures in 1 to 3 Days.

William Woodworth, of Hope, Minn., is quoted from a reliable English publication, published by the courtesy of the publisher, Mr. Woodworth had contracted rheumatism of the severest form and in a very short time was incapacitated for work. For weeks he could get no rest, and he was in a most violent pain in his arms and shoulders—groans, sobs and tears he could not help, so terrible were his sufferings. His arm became paralyzed. He began taking South American Rheumatic Cure, and after the second dose he began to feel better, and after the third dose he was able to get up and move about. He was cured in three days. He writes: "I have never known a more violent pain in my arms and shoulders—groans, sobs and tears he could not help, so terrible were his sufferings. His arm became paralyzed. TRANSVAAL QUESTION.

FROM PAUL HAS MET HIS MATCH IN CHAMBERLAIN.

Declaration of War Would Be Hailed by the People of Great Britain With Enthusiasm.

London, Aug. 14.—It is but a short step from the momentous reference to the Transvaal in the Queen's speech at the prorogation of parliament in the house of commons, the last government utterance of the session, to a declaration of war, and it cannot now be left behind the issue, when a united cabinet, speaking through the mouth of the sovereign, declares to the South African representation that "the position of the Queen's subjects is inconsistent with the promise of equal treatment, whereon my grant of internal independence to that republic was founded; and the unrest caused thereby is a constant source of danger to the people and the prosperity of my dominions in South Africa." It needs no words to display what is therein explicitly declared that the Transvaal must submit to the demands of the British cabinet or accept the consequences. It is impossible to accept the suggestion of Mr. Michael Davitt, and T. P. O'Connor, Irish Nationalist members of parliament, and others, that the ministers are merely conducting a game of bluff, and it may be taken for granted that failing the acquiescence of President Kruger to the demands, they mean to compel acquiescence at the point of the sword.

The Johannesburg correspondent of the Times says: The Germans and Americans are specially excited over the new commanding decision. Many who had retained a lingering sympathy with the Transvaal government are now alienated because of this measure. London, Aug. 14.—The Johannesburg correspondent of the Daily Mail says: The government is waiting the approval of the Orange Free State and the Cape Colony ministry before replying to the proposal of Mr. Chamberlain to submit the franchise controversy to a joint commission of inquiry. I am in a position to assert that the first draft of the Transvaal's answer was a refusal; the second was an acceptance, conditional on the independence of the South African republic not being impugned. This dependence on Bloemfontein and the Dutch cabinet at Cape Town is proof of the chaos reigning in Pretoria. The leading members of the cabinet are opposed to war and accuse President Kruger of being responsible for the crisis. More than this, despite the war preparations, the Transvaal generally is averse to a conflict.

The Cape Town correspondent of the Chronicle says: I am convinced that the first shot fired in the Transvaal would be the signal for a general native uprising. The imperial government can assert positively, has been warned accordingly and is postponing enforcement of the new basuto hut tax.

Johannesburg, Aug. 14.—The Transvaal government, it is strictly, has provisionally arranged with the Netherlands South Africa Railway company for mobilization on the shortest notice if required. Immense stores of provisions and war material have been collected at Pretoria. It is rumored that orders have been issued to mobilize the artillery reserves. It is alleged from Boer sources that the government proposes to introduce a passport law, aiming to prevent Uitlanders from leaving the country without permission in the event of war.

Cape Town, Aug. 14.—A meeting of prominent Afrikaander leaders here yesterday advocated an organized Transvaal government of Mr. Chamberlain's joint commission proposal. According to a dispatch from Durban, Natal, the Liverpool regiment, which so recently left here will be sent to fortify Ladang Nook. The Portuguese have detained the steamer Reichstag from Hamburg, June 27th, at Delagoa Bay. She has on board 15,000 rifles and other war material consigned to the Transvaal government.

Sunday Drownings.

Welland, Aug. 14.—Yesterday morning the body of a young man was found in the canal here, having been drowned some time during the night. The deceased had been drinking and was last seen about midnight. There were some fights among the railroad employees and it is thought he might have been injured in one of them. An inquest may be held.

This forenoon Clarence Springer, a four year old son of Charles L. Springer, who resides here, was drowned in a well of his uncle, on Daniel Gould's farm, just west of the town. The child in playing fell into the well.

Bremen, Maine, Aug. 14.—A triple drowning accident occurred yesterday, in which Lizzie Weston and Mabel Weston, aged fifteen and eighteen years respectively, and Lizzie Dodge, aged fourteen, lost their lives.

Moosomin, Assn., Aug. 14.—Stanley Endicott, aged 13, son of James Endicott, of Moosomin, was drowned in the dam a mile east of here yesterday evening while playing on a raft.

DREYFUS' LAWYER SHOT.

Maitre Labore Ambushed by Two Men Who Attempt His Life.

Rennes, Aug. 14.—Two men ambushed Maitre Labore, counsel for Capt. Dreyfus, and one shot was fired, hitting Labore in the back. M. Labore fell in the roadway. He is still alive.

Rennes, Aug. 14.—Saturday was a tremendous day in the Dreyfus court martial trial. The ex-president of France, M. Casimir Perier, gave to the court martial a history of the Dreyfus case. He spoke in an emphatic manner, with strong emotion and often in a strong tone of indignation. He appealed to greater advantage than I ever remember to have seen him before, and was honest and truthful though not free from pose, unless when angered at the lies he had told about him, which rendered him quite natural. M. Casimir Perier declared that he would not leave the court room until the imputations against him were cleared up.

The former president of France, in a loud and distinct voice, repeated the evidence given before the court of cassation. He leaned while speaking against the witness rail, and referred to a scrap of paper held in his hand. Witnesses read the text of the dispatch received by the Count Von Munster, Lauderburg, the German ambassador at Paris, from Prince Bismarck, the former communication to M. Casimir Perier during a visit to the Elysee Palace.

PLOT DISCOVERED.

Paul Bernier and Other French Conspirators Arrested.

Paris, Aug. 14.—M. Paul Bernier, founder of the League of Patriots and member of the chamber of deputies for Angoulême division of Charante, was arrested Saturday morning at his estate at Croissy, near Paris. A number of members of the anti-Semite and patriotic leagues were also arrested.

A semi-official note, issued reads: "A certain number of arrests were made this morning, as the result of a magisterial inquiry and by virtue of article 80 of the pen. code, regarding a conspiracy organized for the purpose of accomplishing a change in the form of government. The persons implicated belong to the group of the Royalist Youth, and the Patriotic and anti-Semite leagues. At the trial of the Neuilly barracks affair facts relating to that incident alone were used as a basis of prosecution; but searches were made and documents seized, which led to the discovery of an organization dating back to July 1898, and of a plot to seize the government by force. The documents leave no room for doubt, either with regard to the existence of the plot or as to the chief actors therein. A very close watch organized by the police was preparing a fresh attempt at an early date, the proof being such as to enable the disturbances to be averted by immediate measures. The investigation of the affair is entrusted to M. Faure, the examining magistrate."

M. Bernier was taken into custody. When an attempt was made to arrest M. Bernier, president of the Anti-Semite League, he refused to surrender and barricaded himself in his house. He says he is prepared to hold out for three weeks, having a good stock of firearms. The doors and windows of his residence are barricaded and he says he will blow up his house before he surrenders.

ESTERHAZY'S CRIME.

ESTERHAZY FURNISHED SECRET INFORMATION TO GERMANY.

Most Important Session of the Whole Dreyfus Court Martial Will Be Held Saturday.

London, Aug. 14.—The Times says: "It is in a position to state that in addition to the communications of slight value enumerated in the border-case there are more than one hundred and sixty documents of considerable importance furnished the German attaché in Paris, Col. Schwatzenberg, at various times by Esterhazy, acting as intermediary for and as the accomplice of the late Lt. Col. Henry. One of these documents contained detailed information relative to the general plan of mobilization for the French army. The proceeds of this traffic were divided between Esterhazy and Henry."

In Parisian diplomatic circles the latter was known to be the traitor for several months before his arrest and suicide, and besides the power most directly concerned, namely Germany, more than one European government received information to this effect as early as 1898.

Rennes, Aug. 14.—Saturday's public session will be a veritable field day, waiting for him to prove his statement of the whole trial, as general Mercier and M. Casimir Perier have been cited to give their testimony. The first witness will be Lieut. Col. De Laroche Vermet, French military attaché in Berlin at the time of the arrest of Dreyfus. His evidence, it is expected, will be disposed of, and then Mercier will be called. A dramatic scene is anticipated by the anti-Dreyfusians who rely upon him to throw a bomb shell and confound the accused once for all. His words, "I have complete proofs of the guilt of Dreyfus," are remembered, both sides waiting for him to prove his statement. The Dreyfusards say his testimony will be torn to pieces by Labore and Demange and he will leave court utterly discredited. Dreyfus will have the right to question him and it is expected that the latter's cross-examination of Mercier will prove the climax of the whole proceedings.

A Pathetic Scene.

Montreal, Aug. 13.—A quadruple funeral took place this morning when the bodies of the Rochelon family, which was wiped out of existence by the St. Lawrence railway wreck, were laid to rest. It was a pathetic scene. There were three hearse, one little white and gold affair, drawn by two white horses, contained the two coffins of the children. Behind them came a black horse with black horses, containing the remains of Mrs. Rochelon. The third hearse contained the remains of the husband and father. A large concourse of relatives and friends, including 500 glassblowers of which deceased was secretary, attended the funeral services, which were held at the Church of the Sacred Heart, Rev. Father Adam officiating.

Fire at Dallas.

Dallas, Tex., Aug. 13.—The Guild building on Elm street, extending through to Pacific avenue, were completely destroyed by fire this morning and a one story building directly across shared a like fate, and other buildings partially destroyed. Most of the records of the occupants of the fifth floor of the Guild building were made by the firemen and it is believed all were saved. The loss will exceed a quarter of a million.

Robbery at Manitou.

Manitou, Man., Aug. 13.—A dispatch from Manitou says Wm. Marshall's confectionery store was entered last night, and \$50 secured. The thief made his escape through the rear window when the proprietor and two citizens entered the front door, but did not pursue him. There is no clue, but it is thought that the thief was some town local.

Generals Toral and Pareji.

Madrid, Aug. 13.—The Gazette today publishes the verdict of the supreme court martial, in addition to acquitting Generals Toral and Pareji, it sentenced Santiago de Cuba without exhausting all means of defence orders an additional inquiry to discover the responsibility for the lack of means of defence which necessitated the capitulation of that place.

CAPTURE OF CALULE.

Manila, Aug. 13.—Gen. McArthur's troops remained last night at Calule. The rebels had evidently fled far beyond rifle range, for the American outposts were not disturbed and not a shot was fired during the night. At daybreak this morning a reconnoitering party consisting of a battalion of the piece, started up the railroad track towards Angeles, four miles north. The party approached within 1,300 yards of the town and opened fire with field guns. The rebels set fire to the town and fled.

Reign Lawbreakers.

Regina, N.W.T., Aug. 13.—Joseph Lube and Fred Sylvester were before the magistrates, the former charged with resisting arrest for being drunk, the other with attempting a rescue and drawing a revolver. Lube was fined \$10 and costs. Sylvester had a short time to keep to keep the peace for threatening to shoot, and is only recently out of jail. He was fined \$5 or fourteen days for one offence, and sent to jail for four months with hard labor for the other.

ANDERSON ARRESTED.

AN EX-CLERK STOLE THE \$62,000 FROM MOILSON'S BANK.

The Money Recovered by a Canadian Detective, Who Will Claim the \$10,000 Reward.

Winnipeg, Aug. 9.—The \$62,000 stolen from the Moilson's bank here between the 28th of September and the 4th of October last year, have been recovered, and John W. Anderson, who was employed as a junior clerk in the bank at the time, is lying in the provincial jail charged with having committed the robbery. This robbery was one of the greatest adventures of last year, and the events of the past couple of days have revived it in all its intensity.

Davis arrived here in March last and secured employment as a clerk in the establishment of Jerry Robinson & Co. His first step in the clever detective for which he has just achieved was to ascertain where Anderson boarded, and he then secured lodgings in the same place and became friendly with the young man on whom his suspicions in some way had become centred. Prior to this Anderson had left the service of the bank, resigning, it is said, on account of dissatisfaction with his salary, and taken employment with Robt. & Co., and afterwards with the McLaughlin Manufacturing company. Davis and Anderson became very intimate friends, and by degrees, it seems, the detective completely installed himself in Anderson's confidence and ultimately won from him, according to rumor, some important admissions or allusion to the robbery, which confirmed his belief in the ex-clerk's guilt. Davis spent his spare moments in adding link to link of the chain of evidence which he was slowly but surely winding around his man. One thing led to another until Anderson was indisposed enough to visit the place where the money was kept, with Davis on his heels. This was on Sunday evening, and on Monday afternoon, in company with Mr. Harry Whitla and a half a dozen Donk-hobor laborers, who could not speak a word of English, and who did not know what they were employed for, Davis went to the place where he had seen Anderson go, and after some little search, the cash was discovered, and after a few moments digging, the stolen money was in the possession of the detective.

Manager Kohl, of the Moilson's bank, Mr. Debraud, solicitor Mr. Davis and his lawyer, Mr. Whitla, were in earnest consultation all Monday night and yesterday morning, with the result that it was decided to place Anderson under arrest. Accordingly a warrant was sworn out by Davis, charging Anderson with the theft of \$62,000 from the Winnipeg office of the Moilson's bank. The warrant was placed in the hands of Chief Elliott, and Anderson was arrested Tuesday afternoon.

Robbed of \$1,500 at Dawson. Vancouver, Aug. 9.—The biggest robbery in Dawson has been known for several months, was committed two weeks ago Sunday, a well-known Victorian being the victim. The scene of the crime was the Grotto saloon, owned by King and Gowen, the latter gentleman being in charge of the bar. Business was not very brisk, and some one toward 1 o'clock in the morning Mr. Gowen fell to dozing, his nap resting him upwards of \$1,500, for while he snoozed some one entered by the rear door and quietly appropriated the contents of the tills, a sack of dust containing \$100, a smaller sack worth \$100 in silver, and \$75 in small change. There is absolutely no clue to the identity of the thief.

Condensed News by Wire. Madrid, Aug. 9.—It is stated that the insurgents in the Philippines demand \$7,000,000 for the release of the Spanish prisoners held by them.

Kingston, Jamaica, Aug. 9.—Cable communication with the islands eastward of Porto Rico is interrupted supposedly through the destruction of land lines by a cyclone.

Uxbridge, Aug. 9.—James Vanderburgh, Sr., one of the oldest settlers in the town, was killed this morning by his horse taking fright at a traction engine and running into an incoming train.

Greenock, Aug. 9.—The British steamer Samara, Captain Walker, which arrived here August 5th from St. Thomas, Canada, reports passing through the fields 120 miles east of Belle Isle and icebergs 700 feet high were sighted. Her foremast is supposed to be damaged, being full of water.

Peoria, Ill., Aug. 9.—Mrs. Ross Griffin, whose great grandfather was the Earl of Charnock, died in a fall near Farmington today. Her father died in the hotel where she lived in a terrible manner for several years, she was to be of noble blood and she pushed her claim at the proper time she would have received the third of the estate valued at \$1,000,000.

LOCAL NEWS

Duck Season.

The open season for duck commences next Wednesday, Aug. 23rd.

Re-decorated.

The Presbyterian church is being re-decorated inside this week.

School.

Our public school opened on Tuesday morning with a fair attendance in all three rooms.

Painting.

The outside of the Methodist church has been re-painted, considerably improving the appearance and lasting qualities of the building.

Raspberries.

A great many raspberries have been brought into town the last week or two, mostly by the Indians. Where there are any there seems to be a good crop this year, but those places are a long way off.

Sent Down.

J. B. Lacourse, of Lebert, was taken to Regina Saturday evening, having received a sentence of three months for assault.

V. Laplante and T. Delorme, also of Lebert, were recently sent down for one month each on a conviction of theft.

Ladies Aid.

A meeting of the Ladies' Aid was held in the Methodist church on Tuesday evening, when the following officers were elected: President, Mrs. J. B. Robinson; Vice-President, Mrs. J. B. Robinson; Sec. Treas., Miss Bailey; Assistant Sec. Treas., Mrs. J. H. Moore. There is one thing about the ladies, they can do as much business in an hour and a half as they might do in half-an-hour.

Dogs and Bacon.

Last week one of J. H. MacCaul's dogs took a side of bacon from C. T. Bailey's storehouse, but was soon by a passer by and prevented from going far. This is the second time, recently, that it has been caught running off with a side of bacon from Charley's. Others complain of its stealing stuff from their kitchens. When a dog shows such propensities so strongly, it should be kept chained up and not allowed to become a public nuisance.

At Rest.

Miss Maggie Mackintosh, only daughter of Mr. and Mrs. Hugh Mackintosh, passed away at the residence of Mrs. Raymond on Thursday morning last, at the age of 13 years, 6 months and 13 days. She had been ill for months before being taken down with scarlet fever about a month ago. The long siege left her very weak, and consumption set in and carried her off. Her death was a great blow to her parents and friends. The funeral took place to the cemetery on Saturday at 11 o'clock a.m., and was largely attended.

Catastrophe.

On Wednesday afternoon of last week a horrible calamity occurred at Indian Head in which a boy was badly chewed and lacerated by dogs. After dinner a little German boy named Mike Fiel went out on the farm of J. S. Court to herd cattle. He found six dogs belonging to A. J. Osment—one, part collie and five hound pups—worrying a calf, and endeavoured to stop them, when they turned on him. The boy fought them off as well as he could; but when seen, shortly after, by some section men from their hand car as they were passing, and rescued from the dogs, he was irreparable. The back of his head and his shins were badly chewed, and his body was lacerated in places, but his face and hands escaped uninjured. He was a terrible sight. His father was one of the section men on the car, and at once took the boy home, and Dr. Hunt dressed the wounds. The great danger lies in blood poisoning setting in. At last accounts the boy was progressing favorably.
